**APPLICATION FOR PATENT TERM ADJUSTMENT**  
**PURSUANT TO 37 CFR §1.705**

Applicant respectfully requests reconsideration of the patent term adjustment indicated in the Notice of Allowance (copy enclosed) for the above-identified patent application. Specifically, Applicant respectfully requests that the patent term be extended from zero (0) days to five-hundred-sixty-two (562) days.

The above-identified application was filed on 28 June 2001. A first Office action was mailed by the USPTO on 12 February 2002 (within the 14 month time period set by 37 CFR §1.702(a)(1)). The Office action set a three month period for response. Applicant (using the Certificate of Mailing provisions under 37 CFR §1.8) timely filed a response on 9 May 2002. As evidenced by a copy of the enclosed return receipt post-card, the Response was received by the USPTO on 31 May 2002. Pursuant to 37 CFR §1.8, the USPTO considers the Response as timely filed within the three month statutory period because the Certificate of Mailing provisions were followed, but the date of actual date receipt (i.e., 31 January 2002) is used for all other purposes (e.g., to calculate the delay caused by the USPTO for the applicable patent term adjustment).

As evidenced by the screen print-out from the Patent Application Information Retrieval (PAIR) system, the above-captioned application was designated as "File Marked Lost" by the USPTO on 27 January 2003. In response to a verbal inquiry to Examiner Tran, Applicant was asked to resubmit all documents filed after 12 February 2002 so that the file could be reconstructed. Applicant complied with the Examiner's request and the above-captioned application was designated as "File

200.00 0P

00553666.DOC

Marked Found" on 7 October 2003. The Applicant was erroneously charged with causing a 624-day delay (as shown on the PAIR screen print-out).

On 21 January 2004, Examiner Tran requested that Applicant's attorneys re-submit the Response and Amendment which was originally mailed on 9 May 2002. Examiner Tran requested that the re-submitted Response and Amendment include the text of all the claims, including those previously cancelled. Applicant (using the Certificate of Mailing provisions under 37 CFR §1.8) responded to Examiner Tran's request by timely resubmitting the Response and Amendment on 23 January 2004. As evidenced by a copy of the enclosed return receipt post-card, the resubmitted Response and Amendment was received by the USPTO on 26 January 2004.

A second Office action was mailed by the USPTO on 14 April 2004. It is respectfully submitted that the amount of delay between 30 September 2002 (i.e., four months after 31 May 2002, the date the first Response was received by the USPTO) and 14 April 2004 (the date the second Office action was mailed) is five-hundred-sixty-two (562) days. It is believed that this delay was caused solely by the USPTO.

The second Office action set a three month period for response. Applicant (using the Certificate of Mailing provisions under 37 CFR §1.8) timely filed a response on 12 July 2004. As evidenced by a copy of the enclosed return receipt post-card, the Response was received by the USPTO on 14 July 2004. A Notice of Allowance was mailed on 5 August 2004.

It is respectfully submitted that the USPTO has caused a delay of five-hundred-sixty-two (562) days (i.e., the time between 30 September 2002 and 14 April 2004). The above-identified application is not subject to a terminal disclaimer and it is believed that the Applicant engaged in reasonable efforts to conclude processing of the above-identified application as set forth in 37 CFR §1.704. Thus, Pursuant to 37 CFR §1.703, the term of the above-identified application should be extended five-hundred-sixty-two (562) days.

A check for \$200 is enclosed to cover the fee imposed by 37 CFR §1.18(e). However, because this Application for Patent Term Adjustment was necessitated by errors on the part of the USPTO, Applicant respectfully requests a refund of the fee. The Commissioner is hereby authorized to charge any underpayment or credit any overpayment to our Deposit Account No. 20-0888.

Respectfully submitted,

## Determination of Patent Term Adjustment under 35 U.S.C. 154 (b) (application filed on or after May 29, 2000)

The Patent Term Adjustment to date is 0 day(s). If the issue fee is paid on the date that is three months after the mailing date of this notice and the patent issues on the Tuesday before the date that is 28 weeks (six and a half months) after the mailing date of this notice, the Patent Term Adjustment will be 0 day(s).

If a Continued Prosecution Application (CPA) was filed in the above-identified application, the filing date that determines Patent Term Adjustment is the filing date of the most recent CPA.

Applicant will be able to obtain more detailed information by accessing the Patent Application Information Retrieval (PAIR) WEB site (<http://pair.uspto.gov>).

Any questions regarding the Patent Term Extension or Adjustment determination should be directed to the Office Patent Legal Administration at (703) 305-1383. Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.
